

The assessed value of property in Jessamine County under the new law amounts to \$5,000,000.

Compared with the record of last year, there is a falling off of 500,000 in the number of hogs packed at Chicago this season.

The "moon schedule" seems to worry our neighbor at the corner of Second and Sutton a great deal. Their complaints are becoming chronic.

Tax heavy rains last week has caused another rise at the headwaters of the Ohio and tributaries. A shipment of over 2,000,000 bushels of coal has been sent out from Pittsburg.

The "free-turkey" question promises to be the main issue in the election of the next member of the Legislature from Bourbon County. The Beck and anti-Beck issue has been lost sight of.

The Sheriff of Menifee County will sell two hundred and forty-five tracts of land for taxes on the first Monday in January. All lands belonging to non-residents are to be sold that day unless taxes are paid.

The Greenup Gazette alludes to the moonshiners as an "unfortunate" set of mortals. Of course, they deserve the pity of all! But then the Government would have badly if they were not checked in their unlawful business.

It would indeed be a calamity to the State to defeat for the nomination Fayette Hewitt for Auditor. He is the only official the State has had from whom a material benefit has been received for years, and we had hoped that his service would be so universally acknowledged that he would have no opposition. It was luck that gave him to us before and merit that bestowed him on us again.—Cloverport News.

One of Many.

Senator John D. Harris, candidate for Governor, was in this city last week, and made many warm friends, in fact so warmly he was greeted that he intends to come again. Senator Harris is a young man, and is full of vim and pep, and if the young Democracy take to him as cleverly throughout the State as they did here he will be the next Governor of Kentucky. His letter had the right ring, and his genial, personal bearing backs up his letter and the people will find him a faithful servant if elected.—Cynthiana Democrat.

Constitutional Convention.

The vote on the question of a Constitutional Convention next August will be the most important matter with the people of Kentucky. There has been little or no protest against the declared want of the people in this regard, and as much of the supposed difficulty has been cleared up, the remedy has been removed by the Official bill of last winter's Legislature, it would seem the measure would have fine opportunity of carrying.

The discussion of the question by the State press, with that fullness and self-ownership demanded by its importance, will enable the people to grapple with the question in its impartiality, intelligently, and decisively.—Frankfort Capital.

A Card From Mr. Knoll.

Editor Bulletin: The Republican is alluding to the concert for my benefit, in its last issue, taken occasion to say:

"There was a large quantity of very good music, vocal and instrumental, duly appreciated by the one hundred and a quarter persons present. The total ticket sales, after all that were sold on the outside are paid, will barely cover the expenses. We advise the managers of the future to hire an agent at the same time they hire the house, the duties of the latter to see that the entertainment is properly advertised, the price of admission definitely fixed, and in fine, to get their own services for nothing as long as other money is made and they do not waste their efforts on repeated failures."

The editor of the Republican is entirely too liberal in giving advice. The above was uncalled for and wholly gratuitous on his part. Moreover, we should like to know what it matters to him whether "amateurs" do any thing printing and advertising or not? Perhaps we didn't advertise in the Republican, as much as its editor would have "amateurs" and others do. If we do, we will find free use in the paper, and our gain. The upshot of the whole matter, Mr. Editor, seems to be that Mr. Davis is mad because he didn't get what he wanted, and advertising we had done, but, in such particulars, we generally manage things to suit ourselves and not to please other people. Respectfully,

A. H. KNOLL,

Manager First Regiment Band.

Trouble Fears All Along the Line.
READING, Pa., Dec. 29.—Trains of the Philadelphia & Reading railroad are moving here regularly, but the trouble at Port Richmond are generally discussed by the employees in this city, and unless a settlement is soon effected, it is predicted that there will be trouble along the entire line from Philadelphia to the coal region. Nearly all of the employees in the company in Reading are members of the Knights of Labor. The local assembly of the Knights told themselves in readiness to co-operate with the organizations at Port Richmond, Palo Alto, and elsewhere. It is reported here that the railroad officials are looking for men to send to Port Richmond to move the accumulated coal at that point, and avert the threatened blockade.

South Boston Railroad Troubles.
BOSTON, Dec. 29.—The committee appointed by the employees of the South Boston railroad to present a revised list of grievances to the president of that road, waited upon that gentleman at 10 o'clock, and over three hours were spent in the discussion of the articles of the agreement which the company has been requested to sign. The meaning of each clause was explained by the committee. President Hersey, after hearing the grievances of the employees, asked for further time for consideration. He will report to the directors, who will probably act in regard to the matter at their next meeting. President Hersey thinks that all will be arranged satisfactorily.

Secretary Lamar's Stenographer.
MACON, Ga., Dec. 29.—The rumors of Secretary Lamar's marriage are without foundation. He is still here, among his friends and relatives enjoying his holiday. It is generally believed in the city that the rumored marriage will take place at an early date, but nothing more definite can be stated. In the meantime the secretary smiles when questioned upon the subject, and seems to enjoy the situation. The lady's family are equally uncommunicative on the subject. The best that can be promised is twelve hours' notice in case the marriage takes place. Thursday is the day set for the wedding, but without authority.

Disaffected Locomotive Engineers.
BALTIMORE, Dec. 29.—The locomotive engineers on the Baltimore & Ohio railroad are seeking to have changes made in the amount and method of their pay. Twenty-five cents a day is deducted from their salaries by the company, to be paid back to the end of two months if they have a perfectly clear record. They thus get \$2.50 instead of \$3.75. They want to be paid in full. The demand is being made at a time when a state convention of engineers to consider these matters will be held at Harrisburg, January 1.

An Encounter With Highway Robbers.
KANSAS, Ind., Dec. 29.—A midnight night while returning from Burlington, Mark Power, a young farmer, had a desperate encounter in the public road with two highwaymen. Known were used freely by both parties. Powers fought desperately to free himself, which he succeeded in doing after slaying one of his assailants, who was taken care of by his "pal." Power had \$3.00 on his person, and is confident in the belief that one of his assailants will die.

Vanderbilt Tomb Sealed.
NEW YORK, Dec. 29.—The tomb of W. H. Vanderbilt at New Hope Island was sealed at noon yesterday in the presence of Mr. Geo. H. Vanderbilt. Wreaths of flowers were hung on the bronze gate, but there was no ceremony.

Philadelphia's Gas Works.
PHILADELPHIA, Dec. 29.—The council's finance committee decided by a viva voce vote last night to report negatively the bill providing for the lease of the city gas works.

A SECRET MADE PUBLIC.

THE MESSAGE SENT TO THE EXECUTIVE SESSION OF THE SENATE.

President Cleveland's Reasons for Nominating Recorder Matthews After His Formal Rejection By the Senate—Various Other Washington News.

WASHINGTON, Dec. 29.—The president's reasons for nominating Recorder Matthews after his formal rejection by the senate were given in a formal letter accompanying the second nomination. This message has been treated as a part of the secrets of the executive session and has therefore been withheld from the public. The letter is as follows:

"To the Senate of the United States: I nominate James C. Matthews, of New York, to be recorder of deeds in the District of Columbia, in place of Frederick Douglass, resigned. This nomination was sent to the senate at its last session upon the retirement of the previous incumbent, who, for a number of years have held the office to which it refers. In the last days of the session the senate declined to confirm the nomination. Upon the appointment of Mr. Matthews to the office for which he was named was developed among the citizens of the District of Columbia, concerning upon the ground that the nominee was not a resident of the district, and it is supposed that opposition, to some extent at least, influenced the determination of the question of his confirmation.

"Mr. Matthews has now been in occupancy of the office to which he was nominated for more than four months, and he has, in the performance of the duties thereof, won the approval of all those having business to transact with the office, and has rendered important service in recording the records of the district from law and illegitimacy. I am informed that his management of this office has removed much of the opposition to his appointment which has heretofore existed.

"I have returned, therefore, in view of the demonstrated fitness of this nominee, and with the understanding that the objections heretofore urged against his selection have, to a great extent, subsided, and confining a desire to co-operate in tendering to our colored fellow-citizens just recognition and the utmost good faith, to again submit this nomination to the senate for confirmation, at the same time declaring any intention to question its previous action in the premises.

J. CLYDE CLAYTON."

California Wheat Estimate. WASHINGTON, Dec. 29.—Mr. Dodge, statistician of the department of agriculture, says in regard to the extravagant estimate of wheat production in California, which has been stated at 67,000,000 bushels, that it is at least 20,000,000 bushels too high, and that the crop of that state is considerably less than estimated every year, the average averaging not less than 20 per cent. for ten years past. This, he asserts, is proved by the date of consumption and exportation.

"A Liberal, Positive, Unqualified Lie." WASHINGTON, Dec. 29.—Senator McPherson was shown a Trenton dispatch to the New York Evening Post, which quoted him as saying that he was to take Mr. Matthews as secretary of the treasury. Mr. McPherson wrote the following indorsement on the slip from the Post: "A liberal, positive, unqualified lie. I never said it and there is not a grain of truth in the report, by who ever made it."

The President's Condition. WASHINGTON, Dec. 29.—The president's second rheumatic attack still keeps him confined to his room unable to receive callers. It is yielding slowly but surely to treatment and he is expected to be out and around attending to business in a few days.

Counting Revenue Stamps. WASHINGTON, Dec. 29.—The usual annual count of forty million dollars' worth of internal revenue stamps was commenced at the treasury department today. About fifty employees are at work on the job, and it is expected they will finish their task in a week or two.

Labor Meeting in New York. NEW YORK, Dec. 29.—The labor union of New York are preparing to hold a mass meeting at Cooper Institute next January 1, to protest against the bill making appropriations for maintaining the militia. Henry George, John MacKinnon, David Hays, Samuel Thompson, Patrick Ford and others, are expected to address the meeting. Gaylord B. Barnes, secretary of the Land and Labor party, says: "There is great danger in the theory that a society exists for increasing the military as an aid to the civil administration. It is a theory based on the idea that the people are fools. The belief is a greater menace to anarchy than layabouts are."

Financial Embarrassments in Boston. Boston, Dec. 29.—Daily & Co., fancy goods dealers of Boston, Leslie and Springfield, Ill., and Wichita, Kan., have made an assignment. Liabilities \$60,000.

Tobacco Firm, mill's supplies. No. 15 Franklin street, have failed and assigned to Allen M. Davidson. A meeting of creditors will be held December 30. No statement has been made.

A Terror to the Town. TOLSON, Ill., Dec. 29.—A gang of toughs who escaped here eight weeks ago, while being taken to the jail at Urbana, are terrorizing the village. Last night they took possession of the city hall, and the police, led by J. S. White, while he was nearly dead. The other railroad employees did not dare to help White. Not an officer can be found in town who dares to undertake to arrest the ruffians.

Recovering the Dead Firemen. PHILADELPHIA, Dec. 29.—The dead bodies of John Johnson and Frank Thompson, the two firemen who were crushed by the falling walls during the Temple theater fire, were recovered. The men had evidently been asphyxiated by steam.

Ayer's Cherry Pectoral

Should be kept constantly at hand, for use in emergencies of the household. Many a mother, startled in the night by the ominous sounds of Croup, finds the little sufferer, with red and swollen face, gasping for air. In such cases Ayer's Cherry Pectoral is invaluable. Mrs. Emma Gedney, 130 West 125 st., New York, writes: "While in the country, last winter, my little boy, three years old, was taken ill with Croup; it seemed as if he would die from strangulation. Ayer's Cherry Pectoral was tried in small and frequent doses, and, in less than half an hour, the little patient was breathing easily. The doctor said that the Pectoral saved my darling's life." Mrs. Chas. B. Landon, Guilford, Conn., writes: "Ayer's Cherry Pectoral

saved My Life, and also the life of my little son. As he is troubled with Croup, I dare not be without this remedy in the house." J. J. Gray, Lowell, Mass., writes: "My children have repeatedly taken Ayer's Cherry Pectoral for Coughs and Croup. It gives immediate relief, followed by permanent cure."

Mrs. Mary E. Evans, Scranton, Pa., writes: "I have two little boys, both of whom have been, from infancy, subject to violent attacks of Croup. About six months ago we began using Ayer's Cherry Pectoral, and it has cured them. In a few minutes after the child takes it, he breathes easily and rests well. Every mother ought to know what a blessing I have found in Ayer's Cherry Pectoral."

Mrs. Wm. C. Redd, Freehold, N.J., writes: "In our family, Ayer's medicine have been blessings for many years. In cases of Colds and Coughs, we take

Ayer's Cherry Pectoral, and the inconvenience is soon forgotten."
